Why Membership?

Addressing illicit financial flows and informal economies requires continuous data, advisory support, and coordinated action—not one-off interventions. GFB Membership ensures long-term institutional stability and technical excellence.

Diagnostics

Continuous access to deep-dive diagnostics and real-time financial insights.

Policy Support

Ongoing advisory support for regulatory reforms and compliance strategies.

Data Systems

Access to proprietary monitoring tools and global benchmarking datasets.

Dialogue

Participation in exclusive policy dialogues and regional development programs.

Membership Tiers

Scalable solutions tailored for varying levels of institutional engagement and national needs.

Open Access

Entry-level access to GFB knowledge resources.

✔ Selected public reports

✔ Policy newsletters

✔ Public webinars access

What Makes GFB Membership Different

GFB membership is not a subscription—it is a policy and implementation partnership.

Integrated Focus: The GFB Trifecta

Unlike traditional consulting, we focus on the intersection of Illicit Financial Flows (IFFs), Informality, and Payment Systems. This holistic view enables us to find the 'missing link' in national revenue collection.

Trusted by 20+ Regional Partners

System-Level Solutions

Direct access to proprietary innovations like FLMIP and BLTVM that move beyond theory into actual national implementation.

Continuous Engagement

We don't just deliver a report. We partner for multi-year implementation, providing ongoing technical support and capacity building.

Country-Specific Support

Every nation has unique financial architectures. Our membership provides localized support that respects sovereign priorities while applying global best practices.

Membership Value Comparison

FEATURE	OPEN ACCESS	GOVERNMENT	INSTITUTIONAL PARTNER
Research Access	Limited	Full	Full
Country Diagnostics	—	Comprehensive	Shared
Advisory Support	—	Dedicated	Project-based
Data Systems	—	FLMIP & BLTVM	Collaboration
Program Access	—	Priority	Shared

Sustainable Pricing Model

Membership fees are structured to ensure inclusivity and equity across global economies. We believe financial integrity should be accessible to all nations regardless of current economic standing.

01

Low-income Countries

Subsidized or donor-supported engagements.

02

Middle-income Countries

Standard tiered engagement models.

03

Institutional Partners

Strategic program-based contributions.

Custom Consultation

Final pricing is determined through a collaborative consultation process to align with national budget cycles and development objectives.

Request Pricing Guide

How Membership Works

1. Submit Application

Brief overview of institutional goals and challenges.

2. Initial Consultation

Review of objectives with GFB advisory leads.

3. Needs Assessment

Deep dive into national financial system requirements.

4. Onboarding

Full access to GFB platforms, tools, and networks.

Governments cannot manage what they cannot see.

Membership with GFB provides the tools, systems, and support needed to make financial flows visible, actionable, and transparent.
